1. Confirmed To-Do List

讨论过确定要改的事项主要包括:

- (1) 加上 regret bound 的讨论, 四种情况, 对应的 regret 曲线 (参考高欣学姐的论文)
- (2) 会议版只有手机的能量约束, 期刊加上服务器的能量约束

2. Possible Modifications

我自己想到的可能还需要再加的内容:

- (3) More related work discussion
- (4) Discussion / remark for the theorems
- (5) Large-scale simulations, and more discussion about the simulation results
